

WHAT WE DO	WHAT WE DON'T
Go through notes and examples provided in the class.	Lecture
Emphasize to the study group that we too are students as well as their classmates.	Give the impression to be experts and assume to know every subject.
Listen attentively, share individual experience and knowledge.	Have superior and hypercritical attitude.
Observe fallacies and improve learning habits.	Appear to have any ideas about any exam or quiz questions.
Facilitate problem solving by discussing strategies and going through each step.	Provide solutions to homework or assignment questions.
Raise questions and encourage discussions.	Re-lecture on subjects covered in class.
Moderate discussions to improve comprehension.	Pass on the reading assignment.
Direct students to Instructors, TAs, and their office hours.	Answer demands that may deter student' individual development.
Provide clear explanations.	Provide false or irrelevant information.
Encourage attending classes and fulfilling course obligations.	Approve skipping classes or class obligations.
Commit to be punctual appointments.	Skip or disrupt activities and sessions.
